Booth Coating Paint and Glue Release

TECHNICAL DATA SHEET

BENEFITS

- Protects equipment from dried glue or paint overspray
- Regular application prevents harsh cleaning that abuses and deteriorates equipment

GENERAL INFORMATION

Easily brushed, wiped or sprayed onto the surface. Can be scraped to remove or use low pressure water.

APPLICATION:

Stir well before using. Can be sprayed, brushed or applied by roller. Apply a coating of 2 mL to 7 mL thick. A heavier coating is ideal for spray booths and a thinner layer is better for glue release.

TECHNICAL DATA

Colour: Opaque white
pH: 8.0 – 9.0

Peelable Booth Coating is available in these sizes:

Part # 22420 20 L pail
Part # 22445 205 L drum

Proudly  Canadian
