# COIL CLEANER – Concentrated Detergent HVAC/R Evaporator and Condensor Cleaner

TECHNICAL DATA SHEET

## BENEFITS

- Non caustic, non corrosive, non acid formulation
- Safe on all metals, will not etch, pit or corrode coils
- Safe disposal, no toxic runoff
- Odourless
- Biodegradable

## GENERAL INFORMATION

Highly effective detergent based formula; it is specially formulated as a preventative maintenance product. Use for removing soils and deposits from cooling coils. It effectively cleans and deodorizes evaporator coils, heating coils, condenser coils, window units, air filters, blowers and other dirty HVAC/R components. Safe for all metals including aluminium. Will not corrode metal unlike acid based systems.

## APPLICATION

To maintain HVAC/R systems at top-peak performance. Visually inspect cooling coils every three months. Upon inspection, if coils appear dirty they should be cleaned immediately, but no less than once a year. Regular cleaning improves system efficiency, reduced power consumption and increases life of the system.

## TECHNICAL DATA

|                   |                |
|-------------------|----------------|
| pH:               | 11.0 – 12.0    |
| Specific Gravity: | 1.00 – 1.10    |
| Appearance:       | Clear liquid   |
| Odour:            | None           |
| TDG Shipping      | Not Controlled |

## Coil Cleaner is available in these sizes:

Part # 42822 12 x 670 mL bottle  
 Part # 42804 4 x 4 L jug
