Insect Repellent

TECHNICAL DATA SHEET

BENEFITS

- High strength formula. Protects twice as long as common consumer repellents.
- Repels insects and pests. Repels insects that can bite, distract and annoy.
- Convenient aerosol package for easy and controlled application of product.

GENERAL INFORMATION

High active DEET formula to repel mosquitoes, gnats, chiggers, fleas, ticks, biting flies and other flying insects up to twice as long as common consumer insect repellents. Protects outdoor workers and outdoors people by reducing the risk of contracting Lyme Disease from ticks when sprayed on exposed skin and clothing. DEET content is 25%.

DIRECTIONS

- Hold container upright and spray a uniform film on clothing and exposed skin, except for face. To apply to face, spray hands and apply, avoiding eyes and mouth.
