NANOCLEAN CAR WASH - CONCENTRATED

TECHNICAL DATA SHEET

BENEFITS

- Low usage cost since it is highly concentrated and mixes with water.
- Safe for all paint types due to its' pH balanced formulation and non-streaking properties
- Saves time and effort because its' super high foam lifts and holds dirt in suspension and promotes film-free rinsing

GENERAL INFORMATION

A thick highly concentrated, red liquid soap that features thick, durable foam that lifts and holds dirt in suspension, a film-free rinsing action and a cherry fragrance.

APPLICATION

1. Mix 1 part product with 128 parts water (5 ounces of soap in 5 gallons of water).
2. Ensure vehicle is out of direct sunlight then wet its surface with cool water.
3. Apply car soap solution from top of the vehicle down.
4. Agitate the solution with a sponge or wash mitt, including the wheel wells (using a separate mitt)
5. Rinse the vehicle from the top down, using low pressure.
6. Remove any excess water with a chamois.
